Equal Educational Opportunities

Equal educational and extracurricular opportunities shall be available for all students without regard to color, race, nationality, religion, sex, sexual orientation, ancestry, age, physical or mental disability, gender identity, status of being homeless, immigration status, order of protection status, actual or potential marital or parental status, including pregnancy. Further, the District will not knowingly enter into agreements with any entity or any individual that discriminates against students on the basis of sex or any other protected status, except that the District remains viewpoint neutral when granting access to school facilities under School Board policy 8:20, Community Use of School Facilities. Any student may file a discrimination grievance by using Board policy 2:260, Uniform Grievance Procedure.

Sex Equity

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Students wishing to file a sex equity complaint should do so with the Assistant Principal or Principal.

Residency and Registration

STUDENT RESIDENCY

Only students who are residents of the District may attend the District school without a tuition charge, except as otherwise provided below or in State law. A student's residence is the same as the person who has legal custody of the student.

A person asserting legal custody over a student, who is not the child's natural or adoptive parent, shall complete a signed statement, stating: (a) that he or she has assumed and exercises legal responsibility for the child, (b) the reason the child lives with him or her, other than to receive an education in the District, and (c) that he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency. If the District knows the current address of the child's natural or adoptive parent, the District shall request in writing that the person complete a signed statement or Power of Attorney stating: (a) the role and responsibility of the person with whom their child is living, and (b) that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency.

A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition.

When a student's change of residence is due to the military service obligation of the student's legal custodian, the student's residence is deemed to be unchanged for the duration of the custodian's military service obligation if the student's custodian made a written request. The District, however, is not responsible for the student's transportation to or from school.

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District, but will be living within the District within 60 days after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of State law, and must not be charged tuition.

Requests for Non-resident Student Admission

Non-resident students may attend the District school upon the approval of a request submitted by the student's parent(s)/guardian(s) for non-resident admission. The Superintendent may approve the request subject to the following:

1. The student will attend on a year-to-year basis. Approval for any one year is not authorization to attend a following year.
2. The student will be accepted only if there is sufficient room.
3. The student's parent(s)/guardian(s) will be charged the maximum amount of tuition as allowed by State law.
4. The student's parent(s)/guardian(s) will be responsible for transporting the student to and from school.

Admission of Non-resident Students Pursuant to an Agreement or Order

Non-resident students may attend District schools tuition-free pursuant to:

1. A written agreement with an adjacent school district to provide for tuition-free attendance by a student of that district, provided both the Superintendent or designee and the adjacent district determine that the student's health and safety will be served by such attendance.

2. A written agreement with cultural exchange organizations and institutions supported by charity to provide for tuition-free attendance by foreign exchange students and non-resident pupils of charitable institutions.
3. According to an intergovernmental agreement.
4. Whenever any State or federal law or a court order mandates the acceptance of a non-resident student.

Homeless Children

Any homeless child shall be immediately admitted, even if the child or child’s parent/guardian is unable to produce records normally required to establish residency. School Board policy 6:140, Education of Homeless Children, and its implementing administrative procedure, govern the enrollment of homeless children.

Challenging a Student’s Residence Status

If the Superintendent or designee determines that a student attending school on a tuition-free basis is a non-resident of the District for whom tuition is required to be charged, he or she on behalf of the School Board shall notify the person who enrolled the student of the tuition amount that is due. The notice shall detail the specific reasons why the Board believes that the student is a non-resident of the District and shall be given by certified mail, return receipt requested. The person who enrolled the student may challenge this determination and request a hearing as provided by the School Code, 105 ILCS 5/10-20.12b.

REGISTRATION

No school may refuse to admit or enroll a student because of that student's failure to present his student permanent or temporary record from a school previously attended.

SCHOOL INSURANCE

During registration each student will have the opportunity to purchase 24-Hour student accident insurance. Student accident insurance does not cover health-related issues. To obtain student insurance claim forms or for more information contact the Athletic Office (815-431-2401). There is no refund for those who purchase 24-Hour insurance.

Education of Homeless Children

Each child of a homeless individual and each homeless youth has equal access to the same free, appropriate public education as provided to other children and youths, including a public pre-school education. A homeless child is defined as provided in the McKinney Homeless Assistance Act and the Ill. Education for Homeless Children Act. The Superintendent or designee shall act as or appoint a Liaison for Homeless Children to coordinate this policy's implementation.

A homeless child may attend the District school that the child attended when permanently housed or in which the child was last enrolled. A homeless child living in any District school's attendance area may attend that school.

The Superintendent or designee shall review and revise rules or procedures that may act as barriers to the enrollment of homeless children and youths. In reviewing and revising such procedures, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Transportation shall be provided in accordance with the McKinney Homeless Assistance Act and State law. The Superintendent or designee shall give special attention to ensuring the enrollment and attendance of homeless children and youths who are not currently attending school. If a child is denied enrollment or transportation under this policy, the Liaison for Homeless Children shall immediately refer the child or his or her parent/guardian to the ombudsperson appointed by the Regional Superintendent and provide the child or his or her parent/guardian with a written explanation for the denial.

Whenever a child and his or her parent/guardian who initially share the housing of another person due to loss of housing, economic hardship, or a similar hardship continue to share the housing, the Liaison for Homeless Children shall, after the passage of 18 months and annually thereafter, conduct a review as to whether such hardship continues to exist in accordance with State law.

The school shall not penalize any student whose parent(s)/guardian(s) exercised this option.

The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during such examination that

PART III. DISCRETIONARY DISTRICTWIDE PARENTAL INVOLVEMENT POLICY COMPONENTS

The Districtwide Parental Involvement Policy may include additional paragraphs listing and describing other discretionary activities that the school district, in consultation with its parents, chooses to undertake to build parents' capacity for involvement in the school and school system to support their children's academic achievement, such as the following discretionary activities listed under section 1118(e) of the ESEA:

This policy was adopted by the Ottawa Township High School District 140 on March 17, 2014 and will be in effect through FY2016. The school district will distribute this policy to all parents of participating Title I, Part A children on or before August 13, 2015.

Academic Information

COURSE CATALOG

Please refer to the Ottawa Township High School Course Catalog for information regarding:

Class Offerings, Graduation Requirements, Course Load, Scheduling Information, Grade Point Average, Class Rank, Weighted Courses (Honors, Advanced Placement, and Dual Credit), Early Graduation, Special Needs Services, Alternative Education Program, Extra-Curricular Eligibility, and NCAA Clearinghouse Course Descriptions.

GRADUATION REQUIREMENTS

Graduates must complete 8 semesters of full time student status. This means that students must carry at least 4 classes and PE for 8 semesters. (The only exception to this requirement is seniors who have applied and have been approved for early graduation.)

Course/Credit Requirements - Total of 40 credits or more

English – 8 credits

Math – 6 credits (must include Geometry or Math Essentials)

Science – 4 credits (2 credits from Biology and 2 credits from Physical Science – a student must choose 2 semester classes from Astronomy, Meteorology, Geology, or Topics in Physics; or a year of Chemistry or Physics)

Social Science – 4 credits (2 credits from U.S. History are required. World History must be taken as a freshman and American Government must be taken sophomore year).

Consumer Education – 1 credit (Classes that meet this requirement are Applied Consumer Economics, Economics, Personal Finance or by passing the full year of Introduction to Business or Cooperative Education class.)

Fine Arts, Foreign Language, or Vocational Education – 2 credits

Health – 1 credit

PE – *Class of 2020: 3.5 credits (7 semesters). Class of 2021 and following: 7 credits (7 semesters). PE waivers may be granted to junior and senior students who are varsity athletes, or are in marching band (fall only), or have a seventh academic class in their schedule for the purpose of college preparation or credit recovery. All waiver options require completion of a waiver form.*

TESTING - *Must pass Illinois and Federal Constitution Tests, which are given in American Government.*

Attendance – In order to graduate from OTHS, a student must have eight semesters of attendance. Seniors who have all of their credits/requirements completed by the end of the 7th semester may petition for early graduation. A student must be enrolled for a minimum of four academics and P.E. for the full semester to meet this requirement. A petition for summer school or a college course must be approved by the Principal before the start of the class.

ACADEMIC COURSE LOAD

The standard academic load is seven classes including physical education. Students may enroll in five classes, physical education and one study hall. In some cases students may request special permission from the Principal to enroll in seven academic classes and waive physical education. Ending with the Class of 2020, only six academic courses will be counted for class rank. Starting with the Class of 2021, all seven courses will count toward class rank. Students who fall below the minimum load (four academic classes, physical education, and two study halls) will not be classified as full time students and will not be granted credit for a semester of attendance. A maximum of 7 credits per semester may be earned unless permission is granted by the Principal or his designee.

GRADES, CLASS RANK AND RELATED TOPICS

Letter grades are used for all subjects, A, B, C, D, and F (failure, no credit). A special education student may receive any of the grades, A, B, C, D, or F depending upon the teacher's evaluation. No student is considered a special needs student unless designated by proper testing and a multidisciplinary staffing.

An incomplete (I) will be assigned to a student who finds it impossible because of reasons beyond his or her control, such as illness, to complete the required work by the end of the semester. If a student receives an incomplete in the first semester they must complete all work and turn it in to the teacher by the end of the third nine-weeks. Students who are seniors must complete and turn in work by the first day of the second semester to accommodate placement into another course to meet graduation requirements. Students who receive an incomplete in the second semester must complete all work and turn it in within 6 weeks of the last day of school. Any student who does not complete assignments and return them within the time frame will automatically receive a grade of "F" in the course. Students with special circumstances may petition the principal or their designee for extended time. Since the grade of "I" carries no credit, courses carrying that grade may not be counted toward scholastic eligibility for IHSA events.

Honor reports will be issued at each nine-week grading quarter to students with four subjects that earn 13 honor points, with five subjects that earn 16 honor points, and with six subjects that earn 19 honor points. Classes, including PE, with a grade of "D, F, or I" will disqualify a report for honor status regardless of the number of honor points. However, the report card may be returned to be stamped for honors if it is eligible after the "I" is cleared.

National Honor Society requirement is a 3.167 grade point average.

Grade reports will be issued every nine weeks. All nine-week grades are temporary grades and should be used to determine the student's progress during the semester. Progress may be checked online through the OTHS website (www.ottawahigh.com) using the student's identification number and password. The permanent grade will be the final mark for each semester.

| <u>GRADING SYSTEM</u> | <u>Regular Course</u> | <u>Weighted Course</u> |
|-----------------------------------|------------------------------|-------------------------------|
| <u>Academic Grades</u> | <u>Point Value</u> | <u>Point Value</u> |
| A - Outstanding Achievement | 4.0 | 5.0 |
| B - High Quality | 3.0 | 4.0 |
| C - Average | 2.0 | 3.0 |
| D - Below Average | 1.0 | 1.0 |
| F - Failing - No Credit | 0.0 | 0.0 |
| P - Medical Excuse or Pre-Excused | 0.0 | 0.0 |
| I - Incomplete work | 0.0 | 0.0 |
| N - Sports Waiver | 0.0 | 0.0 |

I - An incomplete will be changed to an "F" if not made up within two weeks after the end of the semester.

(H)* - This symbol following the course title means a weighted course.

- This symbol following letter grade or course name means course counts as credit, but will not be used to determine class rank.

CLASS RANK

All students' class ranks will be determined by grade points. All courses successfully completed will be used to determine class rank (except P.E. or a class taken in lieu of PE, expiring with the Class of 2020). Any courses given a grade of P (medical excuse) or N (sports waiver) will not be used to determine class rank.

CALCULATION OF 9-WEEK AND SEMESTER GRADES

Performance over the entirety of the semester will determine the student's grades. Each of the two 9-week grades will reflect the student's cumulative average for work completed up to that point in the semester. The semester grade will be calculated using the final average for coursework and the score on the final exam. 80% of the semester grade will come from the student's cumulative average for the two 9-week grading periods. The other 20% will come from the final exam score.

GRADING AND PROMOTION

The Superintendent shall establish a system of grading and reporting academic achievement to students and their parents/guardians. The system shall also determine when promotion and graduation requirements are met. The decision to promote a student to the next grade level shall be based on successful completion of the curriculum, attendance, and/or other assessments. A student shall not be promoted based upon age or any other social reason not related to academic performance. The administration shall determine remedial assistance for a student who is not promoted.

Every teacher shall maintain an evaluation record for each student in the teacher's classroom. A District administrator cannot change the final grade assigned by the teacher without notifying the teacher. Reasons for changing a student's final grade include:

- A miscalculation of test scores,
- A technical error in assigning a particular grade or score,
- The teacher agrees to allow the student to do extra work that may impact the grade,
- An inappropriate grading system used to determine the grade, or
- An inappropriate grade based on an appropriate grading system.

Should a grade change be made, the administrator making the change must sign the changed record.

FINAL EXAM ATTENDANCE

Students are required to take final exams during the scheduled exam period unless there is an excused absence. Students may only take an exam early if permission has been granted by administration. Students having excused absences during exams have the responsibility of re-scheduling a time to make up the exam with the teacher. Exams must be made up within five (5) school days (Mon.-Fri.) following the exam. If the exam is not made up within that time, the student will not be permitted to take the exam(s) missed, and therefore will not earn credit for the exam(s). Students who have an unexcused absence during exams will not be permitted to take the exam(s) missed, and therefore will not earn credit for the exam(s).

WEIGHTED COURSES

Placement in Freshman Honors coursework will be determined by consideration of teacher recommendations, PSAT 8/9, Explore Reading and Math Test scores, and additional assessments as needed.

Successful completion, a grade of C or better, of the previous course in the weighted course sequence is the prerequisite for placement in subsequent weighted coursework.

Students must earn a grade of “A”, “B”, or “C” during each nine-week grading period and for the semester cumulative grade to maintain placement and to earn a weighted grade.

WEIGHTED MATH COURSES AND CLASS RANK

Weight may be earned in a maximum of four mathematics courses. In the event a student takes five weighted math courses, weight will be calculated based on the four classes nearest the student's graduation date.

WEIGHTED AND DUAL CREDIT COURSES FINAL EXAM REQUIREMENT

Students taking dual credit and/or weighted courses must take the final exam for each semester they are enrolled in the course.

CHEATING/PLAGIARISM POLICY

Cheating, plagiarism, and/or academic dishonesty in ANY FORM will not be tolerated at Ottawa Township High School. Any student who engages in such behavior is subject to academic consequences up to and including loss of course credit.

PHYSICAL EDUCATION INFORMATION

Ottawa Township High School will grant 1 credit (.5 credit for class of 2020) per semester for Physical Education with the following guidelines:

- A. *Medical Excuses: Students who have a medical excuse from PE must participate in their PE class a minimum of thirty days during the semester to earn credit. The semester grade will be determined by the grade earned during days of participation.*
- B. *Sports and Marching Band Waivers: Students must participate in PE until the Friday before the start of practice for waivers beginning after the start of a semester and must return to participation in PE on the Monday following conclusion of the season for waivers ending after the start of a semester. The semester*

grade will be determined by the grade earned during days of participation.

- C. *Waivers taken for course overloads will receive no credit. (Class of 2020 only)*
- D. *Grade points will not be awarded in PE and PE grades will not affect class rank or grade point averages for the class of 2020. Grade points will be awarded in PE and PE grades will affect class rank and grade point averages for the class of 2021 and thereafter.*

P.E. LOCKS

The school will furnish a P.E. lock. Should the lock be lost, another lock will be furnished at replacement cost. Forgetting the combination will not be an excuse for not dressing. Students will be assigned their own lock and locker and must use only that locker. As with hall lockers, P.E. lockers are loaned to the student. Therefore, they are subject to be inspected by the administration if it is believed necessary for the safety and/or welfare of the student and/or school. OTHS is not responsible for items stolen or removed from lockers.

P.E. UNIFORM

1. Gray or white Ottawa High School/Ottawa Pirates T-Shirt with last name on the back of the shirt.
2. Red hemmed sport shorts (biker shorts or “skins” are not allowed). Plain, OTHS, university, or sport logos are acceptable.
3. Tennis shoes (no platform or slip on shoes will be allowed for safety reasons)

The physical education department has P.E. shirts and shorts available at all times for purchase at a reasonable cost. Clean rental uniforms are also available to students daily.

NOTE: If weather or modesty dictates, the student may wear a sweatshirt, sweat pants, or both over the red and gray uniform, and only if used just for physical education class and not to be worn during the rest of the school day. ANY STUDENT UNABLE TO AFFORD A P.E. UNIFORM MAY ACQUIRE ONE BY SEEING THE ASSISTANT PRINCIPAL.

Students are required to dress daily for P.E. since it is an essential part of the physical education learning process. Students earn 30% of their semester grade by dressing and being prepared for class. After 10 no dresses, a student's classroom readiness grade will be a zero. You will see this grade reflected in the gradebook, titled classroom readiness.

Failure of a physical education class will require the student to retake the class. In order to complete requirements, the student may need to schedule two PE classes during the same semester.

P.E. MEDICAL EXCUSES

Students must dress for P.E. and remain in class when they have a medical excuse. Written homework will be assigned to be completed for credit for that missed class hour.

Any student being excused from activity during P.E. by a parent's or doctor's note must dress in their P.E. uniform and report to his/her physical education teacher. DO NOT REPORT TO THE NURSE. A parent's note will be good for only three days, and then a doctor's excuse must be submitted to the physical education teacher. If the doctor's excuse is for longer than five days, the student will be assigned to a study hall.

If you know you will be on a medical for an entire semester/year, report to the nurse before the start of the semester/year.

STUDY HALL

Study halls are designed to provide students with time and a place to complete academic work. Students should bring study materials with them. **Sleeping and card playing are not allowed in study hall.**

DRIVER EDUCATION

Driver Education is a privilege, not a right. Students earn one credit for successfully completing Driver Education.

Registration Fee \$195.00

Students must earn eight credit hours in the previous two semesters and miss fewer than 10% of the previous 180 school days to be eligible for Drivers Education. Out of school suspensions will be counted as absences when considering the

attendance requirement. Absences of two to four class periods will count as ½ day absences. A block of days excused by a physician will count as one day of absence for this policy. Students who fail to meet these criteria will not qualify for driving and will be placed on a waiting list for the next eligible semester. Students may not check in and out of school to attend driving class only.

Students who fail and wish to retake behind-the-wheel lessons should contact Mr. Davis to schedule driving days. Driving retakes are not guaranteed, they are assigned based on the student schedules and class openings.

INDEPENDENT STUDY

The Independent Study Program is designed to allow students to pursue their academic interests on an individual basis. This program is open only to seniors on a limited basis. Students interested in Independent Study should complete the application and submit it to the Assistant Principal by each semester deadline. Courses taken as an Independent Study will be listed as such, not as the specific name of the course, and will count only as an elective credit on student's grade reports and transcripts. Weight will not be assigned for any Independent Study course.

OFF CAMPUS CLASSES

All students shall ride the bus to any OTHS off campus class. Students may drive their own cars only with the permission of instructor and the Assistant Principal.

ALTERNATIVE PROGRAM

Ottawa Township High School Alternate Program is designed to assist students who are not able to function adequately at the high school because of academic, personal, and/or family problems.

The Alternative Program is designed to provide a more individualized relationship between students, their teachers and the school. This is accomplished through the use of a less-formal structure, smaller class sizes, shorter class periods, and flexibility to deal with individual student's needs when a problem arises.

Determination for admission to the Alternative Program is done by an initial staffing. This may involve the administrative staff, teachers, counselors, school psychologist, social worker, the Alternate Program Director, the student, and student's parents.

SUMMER CREDIT RECOVERY COURSES

OTHS may offer a summer credit recovery program to students, at a cost determined yearly, to students who have fallen behind in earning credits toward graduating on time. Students interested in taking a Summer Credit Recovery course(s) should meet with the Assistant Principal upon completion of spring semester final exams. Summer Credit Recover will be offered based on sufficient enrollment.

CORRESPONDENCE COURSES AND COLLEGE COURSES

Correspondence and college courses may be counted as a credit at the discretion of the OTHS Principal. Approved credits will not be used to determine class rank. Courses must be from an accredited institution to be considered for transfer credit.

EARLY GRADUATION

Students will be permitted to graduate at the end of seven semesters if they meet all of the following requirements:

I. Complete and return to the senior counselor a form letter, including parental permission, available in the Guidance Office (203) requesting early graduation no later than November 1st. Submission of early graduation forms may be permitted after November 1st with administrative approval.

II. Meet all Ottawa Township High School graduation requirements, including having earned all credits required for graduation.

Candidates for early graduation will not be permitted to participate in school athletics, clubs, or similar activities after leaving OTHS. Early graduates may attend school functions, including, but not limited to athletic events, concerts, and dances if considered in good standing upon graduation.

Commencement exercises will not be held mid-year. Students leaving OTHS at the end of the seventh semester may participate in the graduation ceremony at the end of the school year and will be awarded their diplomas at a time consistent with those completing eight semesters. Registration fees will not be refunded to students graduating after seven semesters.

Counseling

COUNSELING DEPARTMENT (ROOM 203)

Ottawa Township High School counselors are dedicated to providing their students with a positive, healthy atmosphere that enhances the learning experience and builds upon their academic, career, and social/emotional foundation. The Counselors will guide and inspire their students while being served by a comprehensive school counseling program. Counselors will be assigned to a class beginning freshman year and will follow students through to senior year and graduation. We will work collaboratively with teachers, parents, students, staff and the community to foster student growth.

Students will understand:

- That the Counseling Department offers services including: Academic counseling, career counseling, college counseling and social/emotional/individual counseling.
- That counseling is a vital part of college and career preparation.
- That thru the exploration of their interests and strengths, students will become aware of their abilities to possess acceptance, empathy, integrity, and responsibility/accountability throughout their academic years and beyond
- That their ethnic, cultural and racial differences and special needs are considered while developing their academic plans.
- That they have access to the knowledge and skills to become contributing members of society.

Counselor Goals:

- Work with students, parents, and faculty to develop an academic plan that meets a student's academic needs and interests.
- Assist student in the development of plans for post high school training and education.
- Assist students in dealing with challenging life situations which may impact their success at school.
- Counselors use data driven program development and evaluation, and actively monitor student results.
- Counselors participate in professional development essential to maintaining quality within the school counseling program.

Student Goals:

- Students are encouraged to explore their interests, values and life experiences while developing career goals with their counselor (9-12).
- During freshman year, students will create an individual career plan (ICP) which will include a 4 year academic plan with their counselor.
- All students have a capacity to learn and to be supported academically by their counselors. Students will stay on top of graduation requirements, and grade concerns throughout the school year.
- Develop self-awareness and self-management skills to achieve school and life success.
- Use social-awareness and interpersonal skills to establish and maintain positive relationships.

SCHEDULE CHANGE INFORMATION

During the first four (4) days of each semester, schedule changes will be allowed **ONLY** under the following circumstances:

1. If an error was made by OTHS staff in processing a request.
2. If a course conflict is present on a schedule.
3. If an improper course placement has been made.
4. If a compelling educational reason is cited. A request will only be granted if space is available in the class.)
5. If the circumstances noted above do not exist, a student may only drop a class for a study hall. If the student already has a study hall showing on his schedule, no changes will be made. (This does not impact PE waivers.)
6. Any courses dropped after the fifth day of each semester will receive a grade of "F" for that semester and will be considered a drop/fail.

COURSE REGISTRATION

OTHS course selection begins in November. The OTHS course catalog is available in room 203 or on the website. You will find course descriptions, requirements and pre-requisites. Each counselor will work with their students in this process. On-line registration is available.

COLLEGE INFORMATION

The OTHS Counseling Office provides resources and support to aid in the college process. Juniors and seniors must take charge of these decisions as they determine their future educational direction. Each counselor will work with their students in providing up to date information, timelines, ACT/SAT testing and course requirements for college admission. All information can be found in various locations: announcements, website, homerooms and room 203.

Colleges Visiting OTHS: Students are encouraged to take advantage of the many college representatives that visit throughout the year and should sign up for presentations in room 203.

College Days/Off Campus Visits: Students and their families are encouraged to visit various college campuses. College curriculum, activities and the community play an important role in finding the right fit. There are many open house offerings on school holidays as well as Saturday visit options. A reservation is made by visiting the college's website or calling the admissions office.

Junior and senior students may visit colleges, universities, trade schools and other institutions to explore post-high school opportunities. These absences can be excused by a parent, in which case they will be marked as an excused absence. The absence may be changed to school excused if the student returns with an artifact (business card, letterhead, etc.) from the place of the visit with the name of the person s/he met with appearing on the artifact, and signed and dated by that person. Students may have a maximum of three school excused absences for college days during each of the junior and senior years.

College Applications: Applications are available online either through college websites or by using the Common Application.

Transcript Request: Students will be required to sign a release of records in the registrar's office, room 204, for an official transcript to be sent.

Testing: Colleges and Universities will require either an ACT or SAT for admissions. The ACT is administered at OTHS five times per year. Registration is done online at www.actstudent.org. The SAT test dates and locations are available online at www.collegeboard.com. See your selected college's admissions information for testing requirements.

Financial Aid: Beginning in October of the senior year, a family may fill out the FAFSA (Free Application for Federal Student Aid). This process may gain a student access to scholarship, grant and loan opportunities through the state and federal government. OTHS hosts a Financial Aid Information Night and then hosts a FAFSA Completion Night.

CAREER INFORMATION

Career planning and development is an essential role of the school counselor. Students will learn about careers and life planning during their four years at OTHS. Our goal is that every student will set goals, learn effective problem solving, and be able to make appropriate career and educational decisions when making plans and preparing for his or her future. These same skills will assist students in school to work transition, as well as finding and maintaining employment. Many resources are available to our students, including, but not limited to; Career Cruising, Occupational Outlook Handbook, a variety of career interest inventories, the development of the 4-year plan (freshman year), Job Board, Weekly Featured Careers, and many internet resources.

MILITARY INFORMATION

The military is a way of life chosen by a number of students, either through the military academies or by enlistment. Meetings with recruitment officers are handled by a counselor. It is the policy of Ottawa Township High School to share directory information with military agencies. Parents must notify the Student Services Office if they do not want this information shared with the military.

FINANCIAL AID AND SCHOLARSHIP AWARDS

In order to receive financial aid, grants or scholarships at the local, state and federal level, students/parents must complete the FAFSA. Counselors are available to assist in that process. OTHS hosts a variety of scholarships for our students. The list is available on our website and shared with each senior via the "Senior Guidebook" given in September at an assembly. All scholarship applications are housed in room 203 and are posted on the "Scholarship Board", outside room 203 and announced throughout the school year.

SCHOOL PSYCHOLOGIST & SOCIAL WORKER

Ottawa Township High School's school social worker and school psychologist are dedicated to helping students with social and emotional issues that may be interfering with a student's overall academic and social potential. Our services include crisis intervention, brief-solution focused individual and group counseling, consultation with teachers and administrators, special education evaluations, classroom presentations, student advocacy, and providing families with community resource information.

COUNSELING SUPPORTS

Most school social workers and school psychologists' referrals result in **short-term counseling**. For students and families in need of more clinical/specialized therapy or long-term treatment, Ottawa Township High School can provide a list of outside resources and services. This can be obtained through the school psychologist's website or by contacting the school social worker or school psychologist. The school social worker and school psychologist each have a caseload of students who have Individualized Education Plans (IEP). Both the school social worker and school psychologist can assist any student experiencing a temporary crisis or who is experiencing issues which are affecting their ability to be successful in school for a **time-limited basis**. Referrals can be made by administrators, staff, students, or families by contacting the school social worker and/or school psychologist.

SPECIAL EDUCATION EVALUATIONS

Both the school social worker and school psychologist are involved in the placement of special needs students within the Special Education Program. The school psychologist and school social worker administer assessments that can include cognitive, academic, and social emotional components. Referrals are made through the Special Education Department in Room 207.

CRISIS INTERVENTION

The school social worker and school psychologist are both mandated reports. If there is suspected abuse or neglect occurring, it is their responsibility to report this to DCFS. In addition, the school social worker and school psychologist may conduct a suicide screening on an at risk student and provide appropriate supports to that student. Ottawa Township High School's suicide protocol is followed and appropriate steps are taken to ensure student safety. The school social worker and school psychologist are also a part of the school wide crisis team and are available to assist students and staff during any school wide crisis.

ADDITIONAL SUPPORTS

The school social worker is the Homeless Services Liaison and Foreign Exchange Student Coordinator for the district. The school psychologist is the 504 Plan Coordinator for the district. Information on these supports can be obtained by contacting them directly.

SPECIAL NEEDS DEPARTMENT

There are many types of disabilities that make it difficult, or even impossible, for a student to learn in a regular school setting. Some of these disabilities are readily identifiable; vision and hearing problems, physical disabilities, and speech problems. Other disabilities, which cause severe difficulties for the student, may be more subtle. These disabilities require trained professionals to determine the source of the problem and to recommend the proper program to maximize the educational development of the student.

Examples of these disabilities include perceptual problems, emotional disorders, and serious social or personal problems. Students with any of the above disabilities are referred to as "Exceptional Children" because they have exceptional (special) educational needs. All children from age 3-21 years of age who have exceptional needs must be provided with a program to meet those needs by the school district. Regardless of the nature or severity of the child's disability, the child has a right to receive a free appropriate public education.

In most cases, the exceptional student's needs will be recognized and the proper special education program prescribed. However, the parents of the student may request the school district to evaluate the student to determine special education eligibility. According to state regulation, the School District has 60 school days from the date the parent or guardian has given signed consent to complete the evaluation.

Both the psychologist and social worker are involved in placement of special need students within the Special Education Program. The school psychologist does testing and evaluation involved in placement. In conjunction with this testing, the school social worker contacts students and parents as part of the evaluation process. Referral to various agencies can be made for students.

If a student is determined to be eligible for special education, then a program designed to meet the student's needs must be provided. If the parents are dissatisfied with the evaluation or the program provided for the student, the parents may request information from the Superintendent concerning procedures for resolution.

SERVICES FOR PEOPLE WITH PHYSICAL IMPAIRMENTS

Board Policy recognizes the "special needs" of the physically disabled. Those students with permanent or temporary disabilities who require special services to meet their educational needs, i.e., transportation, parking, special facilities, etc., should contact the Principal.

Parents with physical disabilities, or other school visitors requiring special parking, elevator use, etc., when visiting the school during the school day or for evening extra-curricular programs should contact the Assistant Principal to make special arrangements to meet their individual needs.

BEHAVIORAL INTERVENTIONS FOR STUDENTS WITH DISABILITIES

Based on Public Act 89-191, it is the policy of Ottawa Township High School, District 140, to develop such behavioral intervention procedures for disabled students that: emphasize positive intervention with students that respect human dignity, are consistent with generally accepted practices of behavioral intervention, include criteria for determining when a student with a disability may require a behavioral intervention plan, reflect consideration of the ISBE guidelines, and include procedures for monitoring the use of such interventions. This policy will be reviewed and the administrative procedures are developed with input from parents, teachers, administrators, advocates for persons with disabilities, and those with expertise in behavioral intervention. Such policy and procedures will be made available to parents of students with individualized educational plans as stipulated in state law. The intent of this policy is to implement, as necessary, specific interventions(s) to alter the behavior of student(s) with disabilities to create a positive learning environment and enhance learning.

STUDENT RIGHTS PROCEDURE (TITLE IX AND SECTION 504)

All students attending OTHS have certain rights and responsibilities. The Board of Education, the State of Illinois, and the Federal Government each have provided policy, rules and regulations to clarify these rights and responsibilities. Please be advised therefore, that students may be eligible for assistance (such as free lunches, etc.) or offered an opportunity to “work” off certain fees and costs.

The following procedure is provided to ensure that students are afforded equal rights to all classes regardless of race, color, national origin, age, sex, religion, or handicap. This procedure is not intended to limit the option of the district and a grievant(s) to resolve any grievance mutually and informally. Hearings and conferences under this procedure shall be conducted at a time and place, which will afford a fair and equitable opportunity for all persons.

The grievance procedure is not required if the grievant prefers other alternatives such as the Office of Civil Rights or the courts. Due process shall exist throughout the procedure with the right to 1) representation, 2) present witnesses and evidence 3) confidentiality 4) review relevant records and 5) proceed without harassment and/or retaliation.

More detailed information is available in the offices of the Principal and Director of Special Needs. Time limits refer to days when school is in session.

Step 1

The student and/or parent should discuss the matter with the person directly responsible for the grievance issue within 14 days of the time when a reasonably alert person should have been aware of the event giving rise to a grievance. An oral response must be made within 5 days.

Step 2

If the grievance is still not resolved, it should be submitted in writing within 5 days to Ms. Dawn Roalson, Director of Special Needs. The grievance should be described as specifically and completely as possible. A thorough investigation of the issue will be documented. Extra time may be mutually agreed upon if needed. A meeting must be held between the grievant and district representative with 10 days and a written response made within 5 days.

Step 3

If the problem is not resolved, the grievance should be referred informally to the Principal. A meeting must be held within 5 days from notification of referral and an oral response made within 5 days.

Step 4

If a satisfactory solution is not reached, the grievant may appeal the issue in writing to the Office of the Superintendent within 10 days from the receipt of the response on Step 3. A meeting between parties will be held within 10 days and a written response made within 5 days. A complete record of this meeting shall be kept and signed by both parties for possible future reference.

Step 5

If the issue is not satisfactorily resolved on Step 4, the grievant may appeal the grievance in writing to the Board of Education within 5 days from the receipt of the written response. The Board shall consider the appeal within 60 days and a written response shall be given within 5 days.

MEDICAID REIMBURSEMENT

If your child receives special education services and is also Medicaid eligible, the school district can seek partial reimbursement for Medicaid for health services documented in your child’s Individualized Education Program (IEP). Medicaid reimbursement is a source of federal funds approved by Congress to help school districts maintain and improve diagnostic and therapeutic services for students.

- The reimbursement process requires the school district to provide Medicaid with your child’s name, birthdate and Medicaid number. Federal law requires your written consent to release these data to Medicaid.
- Only data for Medicaid eligible students will be released.
- You can deny the district the right to release this data now or at any time in the future.

Regardless of your decision the district must continue to provide, at no cost to you, the services listed in your child’s IEP.

When considering your decision, please note that this program has **no impact** on current or future Medicaid benefits for you, the student or your family. Under federal law, your decision to participate in this program CANNOT:

- Decrease lifetime coverage or any other public insurance benefit,

- Result in the family paying for services that would otherwise be covered by Medicaid,
- Increase your premiums or lead to discontinuation of benefits or insurance, or
- Result in the loss of eligibility for home and community-based waivers.

Your consent allows us to recover a portion of the costs associated with providing health services to your child. Consent will be obtained through a Medicaid Data Release Consent form.

If you have any further questions, please contact the Director of Special Needs, Ms. Dawn Roalson.

SERVICE ANIMALS

A student with a disability, as defined under the Individuals With Disabilities Education Act (“IDEA”) or Section 504 of the Rehabilitation Act of 1973 (“Section 504”), may be permitted to have a service animal to accompany that student to all school and school-related functions, whether in or outside the classroom. The student’s right to have a service animal at school and school-related functions must be carefully balanced with the rights of other students and staff members. Parents/guardians interested in the possibility of a service animal accompanying their student to school should contact the Director of Special Needs to request additional information.

Definitions

Service Animal – A dog or miniature horse that is individually trained to perform tasks or work for the benefit of a student with a disability.

Handler – An individual who has and maintains control over the service animal at school and school related functions. This individual may be the student using the service animal. Control of the service animal means using a harness, leash, or other tether, unless the handler is unable because of a disability to use one of these devices or their use would interfere with the service animal’s safe, effective performance of work or tasks. If or when these devices are not used, control of the service animal must be accomplished through voice control, signals, or other effective means. The school is not responsible for handling, caring for or cleaning up after the service animal.

Adult Handler - The adult who has been trained to handle and control the service animal (if the student is unable to do so due to his/her disability) and has agreed to handle and control the service animal at school and school-related functions.

Direct Threat – A significant risk to the health and safety of others posed by the service animal that cannot be eliminated by a modification of policies, practices or procedures, or by the provision of auxiliary aids or services. The determination of whether the service animal poses a direct threat must be based upon that particular animal’s actual behavior or history and not upon speculations, generalizations or stereotypes.

Fundamental Alteration – A change so significant that it alters the essential aspect of the program or activity.

School Nurse, Illness & Appointments

NURSE AND ILLNESS AT SCHOOL

The nurse is located in Room 205. The nurse will assist students with health concerns. The Nurse Office number is (815) 431-2461, Nurse Fax number is (815) 431-3350.

If a student becomes ill or is injured, he/she must report to the nurse’s office. Students must obtain a pass from their teacher to see the nurse. Students should schedule visits to the nurse’s office during study periods or before school, except in case of sudden illness or injury. **DO NOT TRY TO SEE THE NURSE DURING THE PASSING PERIODS.**

If it is necessary for a student to leave school because of an injury or sudden illness, the nurse will notify parents. The student will be given a pass to leave the building. **STUDENTS WHO LEAVE SCHOOL WITHOUT CHECKING OUT WITH THE NURSE AND 201 WILL BE CONSIDERED UNEXCUSED AND/OR TRUANT.**

REPORTING STUDENT’S ILLNESS

A parent or guardian is required to phone the 24-hour attendance number (815-433-1326) on the day that the student is absent. A call should be made each day of absence unless the office has been notified of an extended illness. **IF THE STUDENT SERVICES OFFICE, ROOM 201, HAS NOT BEEN NOTIFIED WITHIN 24 HOURS, THE STUDENT WILL BE AWOL (UNEXCUSED ABSENCE), AND MAY BE CONSIDERED AS TRUANT. THE STUDENT WILL NOT BE ALLOWED TO EARN CREDIT FOR WORK DUE OR ASSIGNED DURING AN UNEXCUSED ABSENCE.**

MAKE-UP WORK – EXCUSED ABSENCE

Assignments given prior to the absence are due the same day the student returns to school. Upon return, students will have no less than the number of days absent to complete work assigned during an excused absence. Students who miss a quiz or test due to an excused absence must make arrangements to take the quiz or test upon return to school.

EXTENDED ILLNESS

Homework can be obtained through the OTHS website: www.ottawahigh.com. Using the parent resources drop down menu, students and parents can access the staff index which contains homework assignments. Students and parents may also request homework by contacting the Guidance Office (815-433-1323, ext. 2494) and making arrangements for someone to pick up assignments and necessary materials. If a student is going to be absent for medical reasons in excess of 10 days, the parents should contact their student's counselor in regard to homebound tutoring and request a copy of the homebound handbook.

MEDICAL OR DENTAL APPOINTMENTS

Medical and dental appointments should be limited to times outside of school hours. However, if it is necessary for a student to be absent for such an appointment, a pre-arranged call or note from a student's parent/guardian must be presented to 201 specifying the date and time of the appointment, as well as the name of the physician who will be seen for the appointment. **The student is expected to be at school before the appointment when possible and must "check out" of school with the Student Services Office (201) before leaving. All students are expected to return to school and "check in" with the Student Services Office (201) after the appointment to provide proof of the appointment and receive a pass to return to class.** If the student becomes ill, the student's parent/guardian must contact the student services office, room 201, to inform them that their son/daughter will not be returning from the appointment.

STUDENT HEALTH INFORMATION

PHYSICALS AND IMMUNIZATIONS - MEDICAL INFORMATION

No student will be allowed to enter Ottawa Township High School without a physical examination and proper immunization. All freshmen are required by state law and board policy to have a physical before entering school in the fall.

Required Health Examinations and Immunizations

A student's parent(s)/guardian(s) shall present proof that the student received a health examination and the immunizations against, and screenings for, preventable communicable diseases, as required by the Illinois Department of Public Health, within one year prior to:

1. Entering the ninth grade; and
2. Enrolling in an Illinois school, regardless of the student's grade (including nursery school, special education, Head Start programs operated by elementary or secondary schools, and students transferring into Illinois from out-of-state or out-of-country).

As required by State law:

1. The required health examinations must be performed by a physician licensed to practice medicine in all of its branches, an advanced practice nurse who has a written collaborative agreement with a collaborating physician authorizing the advanced practice nurse to perform health examinations, or a physician assistant who has been delegated the performance of health examinations by a supervising physician.
2. A diabetes screening including height, weight and BMI is a required part of each health examination; diabetes testing is not required.
3. A physician's signature is required on all physicals.
4. A parent/guardian is to fill out the health history, including any allergies and/or medications, and sign and date the form

Unless the student is homeless, failure to comply with the above requirements by the first day of school of the current school year will result in the student's exclusion from school until the required health forms are presented to the District. New students who are first-time registrants shall have 30 days following registration to comply with the health examination and immunization regulations. If a medical reason prevents a student from receiving a required immunization by the first day of school, the student must present, by the first day of school, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by the physician, advanced practice nurse, physician assistant, or local health department responsible for administering the immunizations.

Eye Examination

Parents/guardians are encouraged to have their children undergo an eye examination whenever health examinations are required.

Parents/guardians of students entering an Illinois school for the first time shall present proof before October 15 of the current school year that the student received an eye examination within one year prior to entry of the school. A physician licensed to practice medicine in all of its branches or a licensed optometrist must perform the required eye examination.

If a student fails to present proof by October 15, the school may hold the student's report card until the student presents proof: (1) of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15. The Superintendent or designee shall ensure that parents/guardians are notified of this eye examination requirement in compliance with the rules of the Department of Public Health. Schools shall not exclude a student from attending school due to failure to obtain an eye examination.

Exemptions

In accordance with rules adopted by the Illinois Department of Public Health, a student will be exempted from this policy's requirements for:

1. Religious or medical grounds if the student's parents/guardians present to the Superintendent a completed copy of the Illinois Certificate of Religious Exemption to Required Immunizations and/or Examinations Form signed by student's physician.
2. Health examination or immunization requirements on medical grounds if a physician provides written verification;
3. Eye examination requirement if the student's parents/guardians show an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or

Homeless Child

Any homeless child shall be immediately admitted, even if the child or child's parent/guardian is unable to produce immunization and health records normally required for enrollment.

Special Education

Any student enrolling for the first time in an Illinois public, private, or parochial school is required to have an eye examination by a physician licensed to practice medicine in all its branches or a licensed optometrist. The exam must have been completed within the past year.

This is to notify parents of children who attend any special education program. The Department of Public Health requires that individuals be screened both for vision and hearing annually. Students wearing glasses or contacts are not mandated to be screened, as they have been seen professionally. "Vision screening is not a substitute for a complete eye and vision evaluation by an eye doctor. Your child is not required to undergo this vision screening if an optometrist or ophthalmologist has completed and signed a report form indicating that an examination has been administered within the previous 12 months".

MEDICINES

It is the desire of the school district that all students' medicines be administered at home. Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures on dispensing medication.

No School District employee shall administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed "School Medication Authorization Form" is submitted by the student's parent/guardian. No student shall possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this policy and its implementing procedures.

A student may possess an epinephrine auto-injector (EpiPen®) and/or medication prescribed for asthma for immediate use at the student's discretion, provided the student's parent/guardian has completed and signed a "School Medication Authorization Form." The School District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine auto-injector or the storage of any medication by school personnel. A student's parent/guardian must indemnify and hold harmless the School District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine auto-injector and/or medication, or the storage of any medication by school personnel.

Ottawa Township High School does not dispense non-prescription medications such as Tylenol, cough drops, tums, etc. Students will not be allowed to leave OTHS to obtain non-prescription medications.

- Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
- Sign the Diabetes Care Plan.
- Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact Mrs. Trisha Modeen, Certified School Nurse, 815-431-1323 EXT. 2461.

STUDENTS WITH FOOD ALLERGIES

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify Mrs. Margie Wrublik, School Psychologist and 504 Plan Coordinator.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

POLICY ON THE EDUCATION OF PERSONS INFECTED WITH THE AIDS VIRUS AND AIDS REPORTING PROCEDURES

1. Any report that a student of the district has AIDS Related Complex (ARC) or Acquired Immune Deficiency Syndrome (AIDS), or has tested positive to the presence of HTLV III antibodies shall be made or forwarded in confidence to the Superintendent.
2. The identity of a student who has, or is believed to have ARC, AIDS, or a positive antibody blood test shall not be revealed by any District employee or official to anyone including other District employees except as is authorized in writing by the Superintendent.

REVIEW PROCEDURES

Decisions regarding the type of educational setting for HTLV III infected children should be based on the behavior, neurological development, and physical condition of the child and the expected type of interaction with others in that setting. These decisions are best made using the team approach which may include the child's physician, a physician retained by the District, the child's parents or legal guardians, and school personnel. In each case, risks and benefits to both the child and others in the setting should be weighed.

1. If the Superintendent has reasonable grounds to believe that a student in the District has ARC or AIDS, or has tested positive to the presence of HTLV III antibodies, the Superintendent shall immediately take the following action.
 - a. Contact the parent or guardian of the student and require that a letter from the student's physician be submitted indicating whether or not the student is able to continue in his current educational program without endangering himself or others. The opinion of the student's physician will be considered but will not be controlling.
 - b. Convene a meeting of a Review Committee which shall consist of the Superintendent, the student's physician, the school Principal, the school nurse, a physician retained by the District, and such other persons if any, as the Superintendent may designate.
 - c. The Review Committee shall maintain a protocol file for case management purposes, said file shall not become a part of the student's permanent record, except upon review and decision of the Superintendent, after consultation with legal counsel. The file shall contain a list identifying any and all individuals who have been made aware of the identity of a student who has, or who is believed to have ARC, AIDS, or a positive antibody blood test.
2. The Review Committee shall investigate the student's case and shall make an initial determination whether or not the student should be permitted to continue in his current educational program. This determination shall be based on the

following considerations.

- a. the student's physical condition
 - b. the student's ability to control bodily secretions
 - c. the student's behavior
3. If the Committee finds, at any point, that the health and safety of the child or others would be endangered by the student's continued presence in his current educational program, the Superintendent may direct a temporary exclusion or an interim alternative placement pending the completion of these procedures.
4. If the Committee determines that a change in the student's current educational placement is warranted, case study evaluation of the student shall be commenced and an individualized education program developed in accordance with the Rules and Regulations of the Illinois State Board of Education. Participation in the case study evaluation shall be had on a "need to know" basis.
5. If the Review Committee determines that no change is warranted in the student's educational program, the Superintendent shall so advise the student's parent or guardian. The Review Committee may designate a person to monitor the student's condition and behavior and to inform the student's parent or guardian in the event there is no outbreak of infectious disease in the District. The Review Committee may re-evaluate the student's case at any time, but not less than once every 6 months.

AUTOMATED EXTERNAL DEFIBRILLATOR

An automated external defibrillator, or AED, is a portable electronic device that automatically diagnoses the potentially life threatening cardiac arrhythmias in a patient, and is able to treat them through defibrillation, the application of electrical therapy which allows the heart to reestablish an effective rhythm.

AED's located at Ottawa Township High School have the ability to autonomously analyze the condition of an unresponsive victim's condition and direct the rescuer on what should be done through voice and visual prompts.

The following procedure should be followed if an unresponsive victim is discovered:

1. Call 911 from any school or cellular phone.
2. Send another person to notify the main office or supervising staff member of emergency.
3. Assess the scene for safety. Rescuers are volunteers and are not expected to place themselves at risk in order to provide aid to others. The scene or environment around the victim must be made safe prior to attempts to assist.
4. If a CPR and/or AED-trained individual is available, CPR and AED procedures should be initiated until emergency medical personnel arrive. Others should assist this person by retrieving the nearest AED, waiting for and directing emergency medical personnel to the scene, etc.

Automated External Defibrillators (AED's) are located throughout the school at the following locations:

During a temporary suspension, suspension days will be counted on any regular school day, practice day, or game day.

1. Being dismissed from interscholastic competition by an official, referee, or umpire for misconduct during competition.

2. Extra work or other responsibilities.
3. Attendance or non-attendance at interscholastic events.

If an athlete receives a multiple game suspension that will not be completed in the season in which they received the suspension, the suspension will carry over into the next season in which the athlete participates. If necessary, this could be applied to the next school year.

Anytime there is permanent or temporary removal of an extra-curricular participant from a squad, the coach/sponsor must turn in a written report to the athletic director and the coach/sponsor must call the parents of the participant. This athletic code will govern all levels of athletic teams, cheerleaders, Pomerettes, and other OTHS sponsored extra-curricular activities.

ELIGIBILITY

While a member of a squad you must keep the following regulations in mind:

2. School attendance is mandatory in order to be eligible to practice or play in competition on any specific day. If a student is absent, in order to be eligible that evening, the athlete must be in attendance at school for at least four class periods. STUDENT DRUG AND ALCOHOL TESTING POLICY

The Board of Education believes that the use of alcohol or drugs by students who participate in extra-curricular activities presents a particular hazard to the health, safety and welfare of the students themselves, as well as those who compete with the student athlete or participant in other extra-curricular activities. The Board encourages students to participate in extra-curricular activities, but the opportunity to participate in any of these elective activities is not an absolute right. Rather, it is a privilege offered to eligible students on an equal opportunity basis. To be eligible to try out for, or to participate in, any school sponsored extra-curricular activity students must agree to submit to testing for the use of drugs and alcohol if selected in accordance with this policy. The parent drug testing permission form will be considered valid over the student's entire high school career. This policy shall apply to all school sponsored extra-curricular activities for which no academic credit is awarded.

A. It is the intention of the Board of Education that this policy protects the health, welfare and safety of students engaged in extra-curricular activities and to establish minimal standards of eligibility for such activities. Its purpose is to better assure a student's health, and physical and mental fitness to participate in extra-curricular activities and not to provide a means by which the District may punish a student other than barring such student from participation in extra-curricular activities. Therefore, the positive results of any drug or alcohol test administered pursuant to this policy will be used for determining eligibility to try out for and participate in extra-curricular activities and for no other disciplinary purpose.

B. Students who wish to try out for and/or participate in school sponsored extra-curricular activities shall be randomly tested for drugs and/or alcohol in accordance with this policy. The student identification number of such students shall be sent to the testing lab. **Once a week during the school year the school district shall direct the testing lab to randomly select, by student identification number, up to 10% of the students participating in extra-curricular activities for testing. The testing lab shall then notify the School District of which identification numbers have been selected.** Those selected shall be notified by the School District and tested that same day, if possible. The student to be tested shall complete a specimen control form which shall bear an assigned number (different from the student identification number) without the knowledge of the School District. On that form the student must identify prescription medications which he/she is currently taking pursuant to a doctor's authorization. This information shall be sealed in an envelope and delivered to the testing lab. The student shall then provide a urine sample. The student shall be monitored by an adult monitor from the testing lab. The monitor shall remain directly outside the bathroom and shall note any unusual circumstances, behavior, or appearance of the student or specimen. After the sample is produced, the monitor shall check it for temperature and tampering and then transfer it to a vial. If a student refuses to be tested or is unable to produce a sample, that student shall be deemed to have tested positive, and shall be subject to the disciplinary measures mandated by this policy.

C. The samples shall be sent to an independent laboratory which shall test for alcohol and/or drugs and/or *substances intended to mask such substances*. The identity of a particular student shall not determine which drugs shall be tested for. The tests conducted shall look only for drugs and/or alcohol and not for whether a student is, for example, epileptic, pregnant or diabetic.

D. If a sample tests positive, a second confirming test of the same sample shall be administered as soon as possible to confirm the result. If the second test is negative, no further action shall be taken. If the second test is positive, the medical review officer shall attempt to talk with the student as soon as possible.

E. Students who test positive will not be allowed to participate until they have retested, with negative results. Additional consequences may be issued. Please refer to the Extra-Curricular Drug and Alcohol Policy below for steps to be taken by the school after a confirmed positive test is reported by the lab.

F. *Any evidence that comes available showing the student has attempted to hide or mask the presence of a barred substance through the ingestion of a masking agent/substance or other action meant to falsify or alter results will result in the same action as a positive test.*

Students will not be permitted to travel with any party other than their parents/guardians.

STUDENT RIGHTS INFORMATION - TITLE IX

No person at Ottawa Township High School shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity of Ottawa High School or IHSA.

Attendance & Discipline

ASSISTANT PRINCIPAL, DEANS OF STUDENTS AND RESOURCE OFFICERS

The Assistant Principal, Deans of Students and School Resource Officers have the primary responsibility of maintaining a safe and orderly learning environment at Ottawa Township High School. The Assistant Principal and Deans of Students are located in room 201. The School Resource Officers are located in room 400 and can be contacted through the Student services office, room 201, (Rm201). If you have any questions or concerns, the School Resource Officers may also be contacted through e-mail at the following address: sro@ottawahigh.com

SAFE SCHOOL ZONE

In order to maintain a safe learning environment, Ottawa Township High School has been declared a Safe School Zone. The penalties for drug and weapons offenses and street gang activity increase and, in some cases double, within the Safe School Zone.

ATTENDANCE

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

REPORTING AN ABSENCE A parent or guardian is required to phone the 24-hour attendance number (815-433-1326) on the day that the student is absent. A call should be made each day of absence unless the office has been notified of an extended period of absence.

EXCUSED ABSENCES: The School Code of Illinois provides for absences permitted by law. Absences allowable

per the School Code include those for:

- a. Personal illness
- b. Observance of a religious holiday.
- c. Death in the immediate family.
- d. Family emergency - an explanation of the emergency may be required.
- e. Other situations beyond the control of the student as determined by the Board of Education.
- f. Other circumstances which cause reasonable concern to the parent for the safety or health of the student.

Additionally, the Superintendent or his designee may excuse a student's absence, following parent notification, for the following reasons:

- a. Professional appointments that could not be scheduled outside the regular school day. For this appointment to be excused, an appointment confirmation slip, which is signed by the professional involved, shall be brought into room 201 upon the student's return to school.
- b. Family vacations will be excused only if the student is not placed on chronic absentee/truant status and/or probation and if the parent requests the vacation leave prior to the absence. Documentation of hotel and/or flight reservations may be requested. This information may be brought to 201 or emailed to the assistant principal.
- c. Court appointments will be excused only for the duration of the appointment. Documentation from the court must be submitted for court appointments to be excused. A form for this purpose is available for students to take with them from room 201.
- d. Medically excused absences will be counted as follows when considering driver education or other areas in which attendance is a factor of eligibility:
 1. Medically excused absences of one day or less will count as one absence for each class period missed.
 2. Medically excused absences of more than one consecutive day will be counted as a single full-day absence.

MAKE-UP WORK FOLLOWING EXCUSED ABSENCE

Assignments given prior to the excused absence are due the same day the student returns to school. Upon return, students will have no less than the number of days absent to complete work assigned during an excused absence. Students who miss a quiz or test due to an excused absence must make arrangements with their teacher to take the quiz or test upon return to school.

See Final Exam Policy for information on absences during final exams.

UNEXCUSED ABSENCE is any absence not defined above. The student services office, room 201, refers to these absences as AWOL. Students will not be allowed to make up work missed during AWOL periods. Students who are unexcused during a scheduled final exam will receive zero (0) credit for the exam.

Some examples of unexcused absences are:

- a. Failure of parent or guardian to notify the school of the absence within 24 hours
- b. Tardiness of 20 minutes or more
- c. Truancy – not coming to school or leaving school without a valid reason, leaving school without checking out in 201
- d. Needed at home – unless suitable explanation is given, as pre-approved by school administration.
- e. Oversleeping
- f. Transportation issues – including, but not limited to missing the bus, car trouble, missed or late rides to school
- g. Visiting and/or social gatherings of friends and family unless pre-approval of administration has been granted
- h. Absence due to going to work, job interview or job hunting
- i. Time missed due to preparations for dances, games or other school social functions
- j. Absence due to unapproved activities including, but not limited to, getting driver's license, grooming appointments, shopping trips, concerts, and sporting events

Students with excessive excused and/or unexcused absences place themselves at risk of being issued truancy tickets. Truancy tickets are part of a city-school attendance ordinance. Students are responsible for payment of the ticket. Any further questions can be directed to the Deans of Students, OTHS School Resource Officers, or the Assistant Principal.

MAKE-UP WORK FOLLOWING UNEXCUSED ABSENCE

Students who are unexcused from school will not be allowed to make up missed work.

LATE ARRIVALS TO SCHOOL

Ottawa Township High School has implemented a system to encourage students to arrive at school on time. Per this system, students will not receive a detention when arriving late during first hour, but will progress through a number of steps that, if not remedied, will result in the student being dropped from his/her class(es).

Students arriving between 8:00-8:20 must report to room 201 where they will be marked "T-TA" and given a pass to 1st hour. Late arrivals #1-3 will result in only a warning. Late arrival #4 an administrator will meet with the student and a copy of this document will be mailed home. Late arrival #6 the student will be notified they have been placed on Level 1 Social Probation (See OTHS Parent-Student Handbook for details) and another copy will be mailed home. Late arrivals #7 - 10 will result in the 30-day Social Probation period resetting on each occurrence. An administrator will meet with the student and a copy of this document will be mailed home after late arrival #9. Tardy #11 will result in the student being dropped from his/her 1st hour class.

Students arriving after 8:20 will follow the same progression as above, and will be marked unexcused absent (See OTHS Parent-Student Handbook for details). If a student arrives after second hour has begun, a detention or detentions will be issued accordingly. Students who are absent without a valid excuse will not receive credit for work due or completed in the class on that day. **Parents are reminded to check on their student's attendance in the Skyward student management system to monitor all attendance issues.**

CLASS AND HOMEROOM TARDIES

Any student arriving late to 2nd-7th hours during the first 20 minutes will be marked tardy by the teacher and assigned a detention by the teacher unless arriving with a pass or admit slip from 201.

TRUANCY / CHRONIC ABSENTEEISM

Ottawa Township High School has implemented a system to encourage students to be at school. Per this system, students will be held accountable to being absent less than the number of days recognized as chronic absenteeism throughout the school year. The Attendance Commission for the Illinois State Board of Education defined "chronic absence" as absences that total 10 percent or more of school days during the most recent academic school year, including absences with and without valid cause as defined in Section 26-2a of the School Code, and out-of-school suspensions for an enrolled student.

Students who have documented medically excused absences (hospitalized or excused by a doctor for a block of consecutive days) will have the block of days count as a single day of absence.

OTHS will follow the below progression in relation to students approaching or exceeding absences that would qualify them as a chronic absentee. The continuum of consequences for unexcused absences will remain consistent, per the OTHS Parent-Student Handbook, in addition to the below for total absences.

Parents are reminded to check on their student's attendance in the Skyward student management system to monitor all attendance issues.

5% absentee rate:

When the student reaches the 5% absenteeism threshold, an administrator will hold a meeting with the student to discuss reasons for absences, resources to help the student improve his/her attendance, and actions to take place at the 8% and 10% absenteeism thresholds.

Signatures will document that the meeting described above has taken place. Student signature is also in recognition that s/he has read and understands information below regarding steps the school will take upon reaching the 10% absenteeism thresholds.

10% absentee rate:

When the student reaches the 10% absenteeism threshold, an administrator will hold a meeting with the student to inform him/her that she has been placed on social probation (see OTHS Parent-Student Handbook for details). The term of social probation will last until the student maintains attendance below the 10% absenteeism threshold. School officials will also inform the Truancy Officer of the student's attendance so that s/he can monitor for improvement.

10% absentee rate - sustained:

Students who remain at or above the 10% absenteeism threshold will remain on social probation. The term of social probation will last until the student stays below the 10% absenteeism threshold for 10 school days. An administrator will request that the parent(s)/guardian(s) attend a meeting with their student, the student's counselor, the administrator,

the truancy officer and/or school resource officer to discuss reasons for absences, resources to help the student improve his/her attendance, and incorporation of a Truancy Contract (see separate document).

ATTENDANCE RESOURCES

Parents who need assistance getting their child to school, or to school on time are encouraged to call their student's counselor (See listing under "School Offices"). Additional supports are available through the Deans of Students or Assistant Principal. Additionally, the Regional Office of Education employs a Truancy Officer, who may be contacted at 815-434-0780.

COLLEGE DAYS

Junior and senior students may visit colleges, universities, trade schools and other institutions to explore post-high school opportunities. These absences can be excused by a parent, in which case they will be marked as an excused absence. The absence may be changed to school excused if the student returns with an artifact (business card, letterhead, etc.) from the place of the visit with the name of the person s/he met with appearing on the artifact, and signed and dated by that person. Students may have a maximum of three school excused absences for college days during each of the junior and senior years.

SKIP DAYS

Class skip days **will not be authorized** by Ottawa Township High School. Incidents of mass truancy as determined by the administration will result in unexcused absences. Students may be called at home during regular school hours to determine if the student should be placed on excused status.

STUDENT BEHAVIOR

The goals and objectives of this policy are to provide effective discipline practices that: (1) ensure the safety and dignity of students and staff; (2) maintain a positive, weapons-free, and drug-free learning environment; (3) keep school property and the property of others secure; (4) address the causes of a student's misbehavior and provide opportunities for all individuals involved in an incident to participate in its resolution; and (5) teach students positive behavioral skills to become independent, self-disciplined citizens in the school community and society.

When and Where Conduct Rules Apply

A student is subject to disciplinary action for engaging in prohibited student conduct, as described in the section with that name below, whenever the student's conduct is reasonably related to school or school activities, including, but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including, but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

SCHOOL AND STUDENT SEARCHES

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" includes school liaison police officers.

SCHOOL PROPERTY AND EQUIPMENT AS WELL AS PERSONAL ITEMS LEFT THERE BY STUDENTS

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

STUDENTS

School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

SEIZURE OF PROPERTY

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

VIDEO AND AUDIO MONITORING SYSTEMS

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

DISCIPLINARY INFRACTIONS

Students may be disciplined for gross disobedience or misconduct including, but not limited to, the following topics. Additional information regarding several of the topics below follows this listing.

School buses, or other vehicles used to transport students with a reasonable relationship to the school or school activities, are to be considered an extension of the school. Students will be held to the same standards of acceptable behavior while being transported as they are while at school.

For purposes of these rules, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

ANTI-BULLYING/HARASSMENT POLICIES & PROCEDURES

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. An individual who displays behavior that is intended to bully another is violating State law and the policies of the District. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are of paramount importance to the school.

Students and staff should conduct themselves with a proper regard for the rights and welfare of all other members of the school community. It is the goal of the Ottawa Township High School District to work alongside students and parents to complete the mission of educating students in a safe and positive environment.

"Bullying" is defined as any severe or pervasive (persistent) physical or verbal act or conduct, including communications made in writing or electronically (cyber-bullying - bullying through the use of technology or any electronic communication), directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student in reasonable fear of harm to his/her person or personal property;
2. Causing a substantially detrimental effect on the physical or mental health of the victim;
3. Substantially interfering with the academic performance of the victim;
4. Substantially interfering with the ability of the victim to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation, one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying.

Bullying on the basis of actual or perceived race, color, religion, sex, national origin, ancestry, age, marital status, physical or mental disability, military status, sexual orientation, gender-related identity or expression, unfavorable discharge from military service, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited.

No student shall be subjected to bullying:

1. During any school-sponsored educational program or activity;
2. While in school, on school property, on school buses or in other school vehicles, at school-designated bus stops, or at school-sponsored or school-sanctioned activities;
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.

4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function or program or from the use of technology or an electronic device that is not owned, leased or used by a school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of the school.

REPORTING BULLYING

All school staff members are available to help with a bully or to make a report about bullying. All members of the school community, including parents/guardians and other citizens, are encouraged to immediately report instances of bullying. Complaints will be kept confidential to the extent possible given the need to investigate. Bullying may be reported to any trusted adult within the school. Reports may be made in person, via telephone or email, or anonymously by submitting a note in the guidance office (room 203).

Persons designated as those who may respond to instances of bullying include:

A student making a report of bullying will not receive discipline in the case that an investigation finds that no bullying occurred. Anyone who is found to knowingly make a false accusation or providing knowingly false information, however, will be treated as a bully for the purpose of determining consequences or other appropriate remedial actions. A reprisal or retaliation against any person who reports an act of bullying is prohibited. Any act of reprisal or retaliation will be considered as bullying for the purpose of determining any consequences or other appropriate remedial action.

SCHOOL ACTION PLAN

All school personnel receive annual training on bullying and harassment prevention. Reports of bullying will be investigated as soon as possible by the appropriate personnel, with interventions and/or consequences to be implemented in a timely manner.

INTERVENTIONS

Students may be referred to a counselor or the school psychologist in situations where harassment or bullying has not escalated to the level where disciplinary consequences are necessary. Meetings that include the student(s) involved, their parent(s), and school personnel may be a required part of this process.

CONSEQUENCES

Any student who engages in severe or pervasive behavior such as harassing, intimidating or bullying is subject to appropriate disciplinary consequences consistent with the OTHS Parent-Student Handbook and Board of Education policy. Consequences may range from a warning to expulsion; and may include referral to law enforcement. The OTHS Parent-Student Handbook and Board of Education policies may be referenced at www.ottawahigh.com.

ACCESS TO STUDENT SOCIAL NETWORKING PASSWORDS & WEBSITES

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

SCHOOL BUS AND SCHOOL VEHICLE CONDUCT/RULES

All school rules pertain to students at the bus stop, and those riding the bus or other school transportation, including to and from home, extracurricular events, and school-day trips. Transportation rules include, but are not limited to:

1. Obey directions of the driver.
2. Remain seated and wear seatbelts (when available) while the vehicle is in motion.
3. Yelling, loud noises, profanity and obscene gestures are prohibited.

4. Seating is at the discretion of the driver. Students may be assigned a seat at any time.
5. Food and drinks are prohibited.
6. All objects and body parts must remain inside the bus at all times.
7. Students may only ride the bus that is assigned to them. Students who do not ride the bus must receive permission from school administration to ride with another student.

SEXUAL HARASSMENT AND TEEN DATING VIOLENCE

SEXUAL HARASSMENT PROHIBITED

Sexual harassment of students is prohibited. A person engages in sexual harassment whenever he or she makes sexual advances, requests sexual favors, and/or engages in other verbal or physical conduct, including sexual violence, of a sexual or sex-based nature, imposed on the basis of sex, that:

1. Denies or limits the provision of educational aid, benefits, services, or treatment; or that makes such conduct a condition of a student's academic status; or
2. Has the purpose or effect of:
 - a. Substantially interfering with a student's educational environment;
 - b. Creating an intimidating, hostile, or offensive educational environment;
 - c. Depriving a student of educational aid, benefits, services, or treatment; or
 - d. Making submission to or rejection of such conduct the basis for academic decisions affecting a student.

The terms intimidating, hostile, and offensive include conduct that has the effect of humiliation, embarrassment, or discomfort. Examples of sexual harassment include touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, and spreading rumors related to a person's alleged sexual activities. The term sexual violence includes a number of different acts. Examples of sexual violence include, but are not limited to, rape, sexual assault, sexual battery, sexual abuse, and sexual coercion.

TEEN DATING VIOLENCE PROHIBITED

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term teen dating violence occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

MAKING A COMPLAINT; ENFORCEMENT

Students are encouraged to report claims or incidents of sexual harassment, teen dating violence or any other prohibited conduct to the nondiscrimination coordinator, building principal, assistant building principal, dean of students, or a complaint manager. A student may choose to report to a person of the student's same sex. Complaints will be kept confidential to the extent possible given the need to investigate. Students who make good faith complaints will not be disciplined.

CELL PHONES AND ELECTRONIC DEVICES

Cell phones and other electronic devices may be used during non-instructional times (before and after school, during passing periods, at lunch) and as deemed appropriate by the teacher while in the classroom. Devices in use during, or disruptive to, instructional time will be confiscated and brought to 201. See #3 under Disciplinary Infractions for additional information.

DRESS CODE

Students are expected to wear clothing in a neat, clean, and well-fitting manner while on school property and/or in attendance at school sponsored activities. Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment. Students must be identifiable at all times and may not conceal or alter their appearance in any way.

School attire will cover the individual from the top of the shoulders to the mid-thigh area. The length of shirts, shorts, and skirts must be appropriate for the school environment. Shirts with the sleeves and/or sides cut out, revealing the student's sides/midsection, are not appropriate. Shirts without straps may only be worn if a shirt with straps over the shoulders is worn underneath.

Student dress (including accessories) may not advertise, promote, or picture alcoholic beverages, illegal drugs, drug paraphernalia, violent behavior, or other inappropriate images.

Student dress (including accessories) may not display lewd, vulgar, obscene, or offensive language or symbols, including gang symbols.

Hats, coats, bandannas/sweat bands, and sun glasses may not be worn in the building during the school day.

Clothing with holes, rips, tears, or that is otherwise poorly fitting and shows undergarments may not be worn at school.

Appropriate footwear must be worn at all times.

Hair styles, dress, and accessories that pose a safety hazard are not permitted in the shop, laboratories, or during physical education.

Student whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject discipline.

If there is any doubt about dress and appearance, the school administration will make the final decision. When a student's appearance is felt to be inappropriate for school, detrimental to the educational process, or presents a health or safety issue, the student will be asked to make appropriate changes. If the student does not have other clothing with him/her or a parent is unable to bring a change of clothes, the student will not be allowed to leave campus to change. Clothes (t-shirt, sweatpants, or other appropriate attire) will be provided for him/her in room 201. Exemptions to the dress code may be determined for specific events or causes as determined by the Principal or his designee.

FIGHTING

Situations that endanger the health and/or safety of others in the school will not be tolerated. Physical confrontation is a dangerous and inappropriate means of conflict resolution. Pushing, shoving, wrestling with, punching, kicking, or hitting others may be perceived as fighting, regardless of intent. It is often difficult for school personnel to determine which student starts a fight. Therefore, any student who engages in behavior perceived as fighting is subject to appropriate disciplinary consequences, including suspension, expulsion, and/or referral to law enforcement.

Self-defense will only be considered if the student has made every reasonable effort to remove him/herself from the situation and escape the altercation. A student who "fights back" without making every effort to avoid conflict will be subject to the same disciplinary consequences as the aggressor.

WEAPONS AND EXPLOSIVES PROHIBITION

Possession of weapons, ammunition, explosives, fireworks, or dangerous chemicals by students is prohibited. A student found to be in possession of any of these items, or other items that may reasonably be used to cause harm to other students, staff, or other members of the school community at school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school, are subject to disciplinary action, ranging from suspension to expulsion.

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a "billy club", or any other object if used or attempted to be used to cause bodily harm, including "look-alikes" of any firearm as defined above. The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

GANG ACTIVITY

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student's conduct is reasonably related to a school activity, shall: (1) wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or (2) use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs; (3) request any person to pay protection or otherwise intimidate, harass or threaten any person; (4) commit any other illegal act or other violation of district policies, (5) or incite other students to act with physical violence upon any other person.

Potential interventions and consequences include, but are not limited to, the following measures. Additional information regarding several of the items below follows this listing.

1. Student conferences with the teacher, guidance counselor and/or school administration
2. Partnering with parents and guardians via phone calls, emails, and/or conferences
3. Before or after-school detention
4. Withholding of privileges (social probation)
5. Peer Mediation
6. In-School Suspension
7. Saturday Detention

12. Out-of-School Suspension
13. Behavior Contract – potential for adjustment of schedule with loss of credit

16. Expulsion

Student discipline will be reflected in the student's temporary record, but will not be a part of the permanent record or appear on a transcript. A student attempting to transfer to another school during the term of a suspension or expulsion will be marked as "not in good standing" on the transfer form. Ottawa Township High School will honor the suspension or expulsion for any reason from any public or private school in this or any other state. The student must complete the entire term of the suspension or expulsion before being admitted in the school district.

TEACHER ASSIGNED AND 201 DETENTIONS

A teacher detention may be assigned, by a teacher, for infractions of classroom and/or school rules. A teacher detention must be served with the teacher assigning the detention.

A 201 detention may be served before or after school. Morning detention begins at 7:30 a.m., Monday through Friday in room 201. Afternoon detention begins five minutes after school is dismissed, Monday through Friday in the cafeteria.

SATURDAY DETENTION - RULES AND REGULATIONS

Saturday Detention is an alternative to in-school suspension. The purpose is to allow students the opportunity to remain in class, reduce failures, improve school climate, and focus on student maturity and responsibility. All assignments to Saturday Detention will be made by the Assistant Principal, the Dean of Students, or his/her designee.

Assignments to Saturday Detention will be for the hours from **9:00 a.m. - 12:00 p.m.** Students should arrive at 8:50 a.m., as doors will close at 9:00. Enter through the north door in the bus circle drive outside of the Manual Arts Building. This door will be locked at 9:00 a.m. and no one will be admitted after that time. Students who drive may park in the north teacher parking lot or the student parking lot.

Students and/or their parent/guardian will be responsible for getting students to and from Saturday detention.

Students assigned to Saturday detention must attend and complete the time to receive credit. Students who fail to report to an assigned Saturday detention, are removed from Saturday detention, or leave before completing the assigned time without prior approval of an Assistant Principal or Dean of Students may receive a consequence ranging from reassignment of Saturday detention to out-of-school suspension (OSS) and will also be placed on 30 days Social Probation.

Students are to bring appropriate materials to work on or read during Saturday Detention. Students assigned to Saturday detention are responsible for having materials, textbooks, notes, etc. upon arrival at Saturday detention. Student access to books and study materials in lockers on Saturday morning will not be possible; therefore, students should be sure that they take all needed materials home with them on Friday afternoon.

No talking, sleeping, gum/candy, food, beverages, passing of notes, cell phones, or other electronic devices of any kind will be permitted. Any violation of rules or disruption may result in immediate dismissal from Saturday Detention.

Re-scheduling of Saturday detention is at the discretion of the Assistant Principal or Dean of Students. **Saturday detentions will not be rescheduled due to a work conflict.**

The school will attempt to contact a parent if a student is removed from Saturday detention, but is not responsible for said student.

SOCIAL PROBATION

One behavioral/disciplinary intervention available to OTHS administration is Social Probation, or the removal of privileges.

Level I Probation: Students who are placed on Level I Social Probation will not be allowed to attend any extra-curricular activities including, but not limited to, sporting events, dances (including homecoming and prom), plays and concerts for a period of 30 days from the time of the infraction. Any student who is out-of-school suspended will also be placed on probation for a period of thirty calendar days from the date of the suspension.

Level II Probation: Students who are placed on Level II Social Probation will not be allowed to participate in any extra-curricular activities including, but not limited to, sports teams, school clubs, plays and concerts for a period of 30 days from the time of the infraction. Students on Level II Probation are also considered to be on Level I Probation concurrently.

OUT-OF-SCHOOL SUSPENSION

Any student who has been issued an out-of-school suspension is not permitted on school property and cannot participate in any school activities during the period of the suspension. Students who are out-of-school suspended will be placed on level I probation for a period of thirty calendar days from the date of the suspension.

School officials will communicate the specific act of gross disobedience or misconduct leading to the suspension and the rationale for the specific duration of the suspension by mail. School officials will attempt to contact the parent/guardian by phone as soon as possible after the time of the infraction.

Students who have received an out-of-school suspension have the opportunity to make up missed work for equivalent academic credit. Assignments given prior to the suspension are due the same day the student returns to school. Upon return from suspension, students will have no less than the number of days suspended to complete work assigned during the suspension. Students who miss a quiz or test due to a suspension must make arrangements with their teacher to take the quiz or test upon return to school. It is highly recommended that students issued a suspension take an active role in completing schoolwork during the period of suspension. Homework can be obtained through teacher webpages on the OTHS website, www.ottawahigh.com, by accessing the staff index under parent resources. Homework can also be obtained by contacting the Guidance Office at 433-1323, ext. 2494.

Students returning from suspension will meet with a Dean of Students or Assistant Principal to discuss means of

successfully transitioning back to school prior to attending any classes. Students returning from suspension will report to room 201 upon arrival at school and will be seen as soon as possible to complete the re-engagement meeting.

OUT-OF-SCHOOL SUSPENSIONS OF 1-3 DAYS may be issued provided that the student's presence poses a threat to school safety or a disruption to other students' learning opportunities.

OUT-OF-SCHOOL SUSPENSIONS OF 4 DAYS may be issued provided that:

- other appropriate and available behavioral and disciplinary interventions have been exhausted, **and**
- the student's presence poses a threat to the safety of other students, staff, or the school community, **or**
- the student's presence substantially disrupts, impedes or interferes with the operation of the school.

The school must also document whether other behavioral and disciplinary interventions were attempted or if it was determined other interventions were not appropriate or available.

OUT-OF-SCHOOL SUSPENSIONS OF 5-10 DAYS may be issued provided that:

- other appropriate and available behavioral and disciplinary interventions have been exhausted, **and**
- the student's presence poses a threat to the safety of other students, staff, or the school community, **or**
- the student's presence substantially disrupts, impedes or interferes with the operation of the school.

The school must document whether other behavioral and disciplinary interventions were attempted or if it was determined other interventions were not appropriate or available. The school must document what support services are to be provided to the student during the suspension or if it was determined that such services were not appropriate or available.

OUT-OF-SCHOOL SUSPENSION DUE PROCESS PROCEDURE

A student must be provided with the following due process in connection with any suspension from school:

1. Oral or written notice of the charges and evidence supporting the charges;
2. If the charges are denied, a student must be given an opportunity to explain his version of the events to the suspending school official;
3. The suspension (except from riding a bus for safety reasons) may not exceed 10 days;
4. To have his parents or guardian immediately receive a report of the suspension along with a full statement of the reasons for it and a notice of right to review;
5. If a hearing is requested, the parents or guardian may appear and may discuss the suspension with the board or its hearing officer;
6. Any decision rendered must be based upon the evidence; and
7. With respect to any suspension invoked, the student has a right to be informed of its beginning and ending dates.

The rules regulating the suspension of a student identified as in need of special education are different, and disposition will depend upon the facts presented in each case.

EXPULSION

All expulsions will be in accordance with the Illinois School Code. Only the Board of Education may expel students. Students allowed the opportunity to attend the LaSalle County Regional Safe School while expelled are responsible for paying registration fees to OTHS. Credits earned through homeschooling of a student during the term of an expulsion will not be accepted by Ottawa Township High School.

The school administration may recommend a student for expulsion provided that:

- other appropriate and available behavioral and disciplinary interventions have been exhausted or that the school has determined that there were no appropriate and available interventions, **and**
- the student's presence poses a threat to the safety of other students, staff, or the school community, **or**
- the student's presence substantially disrupts, impedes or interferes with the operation of the school.

EXPULSION DUE PROCESS PROCEDURE

A. If the Principal, Assistant Principal or Dean of Students has reasonable suspicion to believe a pupil is guilty of gross misconduct or disobedience the pupil will be summoned to the office where s/he will have the charges outlined and an opportunity to explain the evidence against him/her. When a pupil's presence poses a continuing danger to persons or

property, or an ongoing threat of disrupting the academic process, an administrator may remove him/her from school.

B. The Principal, Assistant Principal or Dean of Students may suspend a pupil for up to ten days after having found him/her guilty of gross disobedience or misconduct. Upon suspension, parents or guardians of the pupil will be notified within a timely fashion by phone or mail. Notice to such interested parties shall apprise them of the following:

1. Reason for suspension
2. Opportunity for review by the Board of Education or Hearing Officer upon written request within seven days from receipt.
3. Upon request of the parents or guardian, the Board or its Hearing Officer will conduct a hearing to review a suspension of 10 days or less. Parents or guardians and pupils may be represented by counsel at parental expense and shall be accorded the following opportunities:
 - i. Examination of written reports and statements constituting evidence supporting the charges and questioning of witnesses presented by the Board of Education or Hearing Officer.
 - ii. Presentation of oral and written evidence on behalf of the students. The results of the hearing shall be reported in writing to the parents or guardians of the student after a decision is made by the Board.

C. If the Board of Education finds in its review of the suspension of a student, that the action was unjustified or unreasonable, the following procedures shall be followed:

1. The student's record shall be expunged of all notations or remarks in regards to the suspension.
2. The student's absence(s) shall be recorded as "excused".
3. All educational opportunities and service missed by the student shall be afforded to the degree possible. Tutoring will be provided for the number of days suspended, if requested or deemed necessary.

D. If a hearing is convened to determine whether a pupil will be suspended for more than 10 days or expelled for the remainder of the school term, parents or guardians and the pupil shall be accorded an opportunity to appear before, and be heard by the Board of Education or a Hearing Officer appointed by the Board of Education.

E. The parents or guardians of the student shall be notified thereof by certified or registered mail, at least three days before the date of said hearing. In addition to a statement of the time and place of the hearing, and a specific statement of the student's alleged act or acts of gross disobedience or misconduct, and recommended effective date of the suspension or expulsion; the notice and request to attend shall state that parties will have the following rights:

1. To be represented by counsel at parent's cost.
2. To present evidence refuting the charges.
3. To present evidence in mitigation of punishment.
4. To present evidence evincing the pupil's entitlement to special education services upon exclusion.
5. To cross-examine such witnesses as may testify as to the facts in each case. Expulsion shall take place only after the parents have been requested to appear at a meeting of the Board, or with a Hearing Officer appointed by it, to discuss their child's behavior.

F. The hearing, whether conducted before the Board of Education, or before a hearing officer shall be an informal hearing at which the formal rules of evidence shall not apply. The hearing shall not be conducted in public session unless decided otherwise by the Board of Education with the consent of parents or guardians of the affected student. The Board President or designee, or the Hearing Officer, shall conduct the hearing, which shall proceed with a presentation of the district's evidence subject to questioning by the parents or guardians or their representative; followed by a presentation of evidence if any, by the parent, subject to questions by the Board or its representative.

G. The Board of Education shall, from time to time, designate either itself, or a Hearing Officer, to conduct hearings on the issues of either student expulsions or student suspensions or both. Should the Board of Education choose to have any of such issues, or each of them, heard by a Hearing Officer, the Board of Education, shall upon the recommendation of the Superintendent, appoint a Hearing Officer who shall conduct such hearing, until such time as the Board of Education determines otherwise.

H. If the hearing is conducted before a Hearing Officer appointed pursuant to Paragraph G, the Hearing Officer shall, within five days of the conclusion of the hearing tender to the Board of Education his/her written findings of facts and summary of evidence heard at the hearing. The Board shall, no later than at its next regular meeting after the receipt of the Hearing Officer's report, take such action thereon as it deems appropriate.

No suspension in excess of ten days, nor any expulsion, shall be affected until the final determination of the Board of

Education either at its own hearing, or upon the findings of a Hearing Officer, has been made.

If the Board of Education finds in its hearing on the expulsion of a student, or on review of a Hearing Officer's report, that the action was unjustified or unreasonable, the following procedures shall be followed:

1. The student's record shall be expunged of all notations or remarks in regard to the suspension or expulsion.
2. The student's absence(s) shall be recorded as "excused".
3. All educational opportunities and services missed by the student shall be afforded to the degree possible. Tutoring shall be provided for the number of days suspended, if requested, or deemed necessary.

APPROPRIATE AND AVAILABLE SUPPORT SERVICES

Students who are issued out-of-school suspensions in excess of 4 days are to be provided support services during the term of their suspension. Potential supports include, but are not limited to, the following measures.

- Counseling or social work support
- Referral to community resources
- Online coursework
- Tutoring to facilitate completion of work assigned during the suspension

STUDENTS "NOT IN GOOD STANDING"

A student will be considered "not in good standing" during the term of a suspension, if s/he has withdrawn from school, been dropped from school, or is not enrolled due to being expelled.

RE-ENGAGEMENT OF RETURNING STUDENTS

The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Students returning to OTHS following a suspension, expulsion, or alternative school placement will meet with a Dean of Students or Assistant Principal to discuss means of successfully transitioning back to school prior to attending any classes. Students returning from suspension will report to room 201 upon arrival at school and will be seen as soon as possible to complete the re-engagement meeting.

Transportation Services/Busing

Ottawa Township High School provides transportation to students who reside more than 1.5 miles away from school, as provided for by the School Code of Illinois. Questions about buses and bus routes can best be answered by main office personnel.

Students are only to ride the bus to which they are assigned. Only students assigned to a bus will be allowed to ride OTHS buses unless permission has been granted by the Assistant Principal or Dean of Students. Parents/guardians of non-riders may request permission for their son/daughter to ride a bus, for educational reasons, by sending a note or calling the student services office, room 201., room 201. Permission will be granted on a limited basis at the discretion of the administration.

NOTICE TO PARENTS/GUARDIANS

Parent(s) or legal guardians(s) who must provide transportation to and from school, because free transportation is not available for their children, may be eligible to receive money from the state to help offset some of the cost; for example, bus fares, or mileage reimbursement for private automobiles at the Federal mileage reimbursement rate.

If you can answer yes to the following questions, you may be eligible to receive reimbursement for providing such transportation.

- 1) Will the pupil be under the age of 21 at the close of the school year?
- 2) Is the pupil a full time student in grades kindergarten through 12?
- 3) Does the pupil either live 1 1/2 miles or more from school or live less than 1 1/2 miles from school but must be transported due to a serious safety hazard approved by the Illinois Department of Transportation? (See following paragraphs.)

- 4) Does the pupil attend a school within Illinois, which meets Illinois compulsory attendance laws?
- 5) Did the parent/guardian incur transportation expenses resulting from transporting the pupil to and from school?
- 6) Did the pupil not have access to transportation to and from school provided entirely at public expense?
- 7) Did the parent/guardian reside within Illinois during the time period expenses were incurred?

If you answered yes to the above questions, live in Illinois and wish to file a claim, you must go to the school where each of your children is enrolled by June 30, 2012, to complete a claim application. You may provide claim information to appropriate school personnel at your child's attendance center until June 30, 2012.

In addition, parent(s)/guardian(s) who have pupils living less than 1 1/2 miles from the school attended must verify that a safety hazard due to vehicular traffic exists by completing an Application for Determination of Serious Safety Hazards. Parents can obtain a copy of the Application for Determination of Serious Safety Hazards from the Office of the Regional Superintendent of Schools for the county in which they reside **except** parents residing within the City of Chicago. Chicago residents can receive a copy of the Application of Determination of Serious Safety Hazards from the Illinois State Board of Education, 100 North First Street, Springfield, IL 62777. All applications for Determination of Serious Safety Hazards must be received no later than February 1, 2011, at the office from which the application was requested. Example: ISBE (Chicago residents), ROE (Illinois Residents other than those residing in Chicago). The Regional Superintendent of Schools is required to send the Application to the Illinois Department of Transportation within 15 days. The Illinois Department of Transportation reviews and approves or denies the application and returns it to the Regional Superintendent of Schools within 30 days. Upon receipt of the reviewed application, The Regional Superintendent of Schools will mail it to the parent/guardian who requested the safety hazard be verified. **If the safety hazard is approved, the parent/guardian must go to the school the pupil attends and complete the claim form.** Parents who received verification of a safety hazard during and after the 2002-2003 school year, whose children attend the same school and live at the same address do not have to reapply for safety hazard verification.

Once all claim information is submitted at the school, it will be transmitted electronically to the Illinois State Board of Education. If your claim is approved, you should receive a check directly from the state during December for the lesser of the cost of transporting your child/children or the average per pupil reimbursement paid to public schools for transporting regular education pupils. If insufficient funds are appropriated by the General Assembly, all claims will be prorated.

If you have any questions, please call or come to the school as soon as possible.

The following guidelines must be adhered to by all persons who use the high school computing and Internet resources; whether from systems on campus or dialing in from off campus. The following does not cover every situation which pertains to proper, or improper, use of the computer resources, but do suggest some of the responsibilities which one accepts if he or she chooses to use a high school computing resource of the network access which the high school provides.

1. Electronic communications facilities (such as e-mail, office mail, talk, network news and internet relay chat) are for high school related activities only. Fraudulent, harassing or obscene messages and/or other materials must not be transmitted over the Internet or any other network on or off campus. Inappropriate messages include but are not limited to the following:

- Messages sent under an assumed name or modified address or with the intent to obscure the origin of the message
- Messages that harass an individual or group because of sex, race, religious beliefs, national origin, physical attributes or sexual preference.

2. Messages, sentiments, and declarations sent as electronic mail or sent as electronic postings must meet the same standard for distribution for display as if they were tangible documents or instruments. One certainly may publish opinions, but their origins must be clearly and accurately identified.

- If one wishes to participate in a news group of a controversial nature, a disclaimer must be included within the text of any document that states the author speaks for him/herself and not as a representative of Ottawa Township High School.

- If acting as the authorized agent of a group recognized by Ottawa Township High School, one must also identify the information as coming from an authorized representative of the group. Attempts to alter the "From" line or other attribution of origin in electronic mail, messages, or postings, constitute transgressions of high school rules.

3. One must not create and send, or forward, electronic chain letters.

4. Creating, altering, or deleting any electronic information contained in, or posted to, any campus computer or affiliated network constitutes forgery, if it would be considered so on a tangible document or instrument.

5. One must not intentionally seek information about, browse, obtain copies of, or modify files, passwords, or tapes belonging to other people, whether at Ottawa Township High School or elsewhere, unless specifically authorized to do so by those individuals. Also, one must not attempt to intercept, capture, alter, or interfere in any way with information on campus or global network paths.

6. One must not, without authorization or entitlement, attempt to decrypt or translate encrypted material, or obtain system privileges. Such attempts constitute serious transgressions.

7. Encounter or observation of a gap in system or network security must be reported to the Systems Operator or the classroom instructor. One must refrain from exploiting any such gaps in security.

8. One must refrain from interference with the supervisory or accounting functions of the systems, or action likely to have such effects.

9. One must be sensitive to the public nature of shared facilities, taking care not to display on screens in such locations images, sounds or messages which could create an atmosphere of discomfort or harassment for others. One must also refrain from transmitting to others in any location inappropriate images, sounds or messages which might reasonably be considered harassing.

10. One must not deliberately attempt to degrade the performance of a computer system on the Internet or to deprive authorized personnel of resources or access to any computer system. Internet services such as Internet Relay Chat

(IRC), Multi User Dungeons (MUDs and variants), and Talk consume system resources. Deliberate, excessive use of these services, constitute an attempt to deprive others of resources.

STUDENT RECORDS

The following is a summation of the major provision of laws and regulations regarding student records. A \$3.00 charge will be assessed for any transcript requests made one year after graduation. Individuals may obtain a copy of their transcripts in the Records Office (Rm. 204)

Permanent Records - The student permanent record consists of basic identifying information, academic transcript, attendance record, accident reports, health record, and record of release of permanent record information, etc.

Temporary Records - The student temporary record consists of all information not required to be in the student permanent record, including family background information, test scores, psychological evaluations, special education files, teacher anecdotal records, record of release of temporary records, and disciplinary information. A student's temporary record will be maintained for not less than seven years after the student has transferred, graduated, or otherwise withdrawn from school. Parents or students may copy this record before its destruction; requesting permission to do so.

No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under the Act or this Part. (23 Illinois Administrative Code, Subtitle A, subchapter K, Ch. I, S. 375.30)

Parents have the right to:

- a. Inspect and copy all information contained in the student record. A fee of .20 per page will be charged for copying the records. However, no parent or student may be denied a copy of records because of an inability to pay such costs.
- b. Challenge the contents of the records, except grades, by notifying the Principal or Records Custodian of an objection to information contained in the record. An informal conference will be scheduled within 15 school days to discuss the matter. If no satisfaction is obtained, a formal hearing conducted by a hearing officer, not employed by the attendance center in which the student is enrolled, will be scheduled.
- c. Request and receive copies of records proposed to be destroyed.
- d. Inspect and challenge information proposed to be transferred to a school outside the district or to another school district in the event of transfer.

Local, state, and federal education officials have access to student records for educational and administrative purposes without parental consent. Student records shall also be released without parental consent, pursuant to a court order or subpoena or in connection with an emergency, where the records are needed by law enforcement or medical officials to meet a threat to the health or safety of the student or other persons. Parents must be notified of the release of records because of a court order or subpoena. ALL OTHER RELEASES OF INFORMATION REQUIRE THE INFORMED WRITTEN CONSENT OF THE PARENT OF ELIGIBLE STUDENT.

The following is designated as public information and shall be released to the general public, unless the parent request that any or all such information not be released: student's name and address, grade level, birth day and birth place, parents name and addresses, information on participation in school sponsored activities and athletics, the students major field of study, and period of attendance in school.

No person or agency having access to the temporary record through the provisions of the Illinois State Student Records Act may force a parent or student to release information from the temporary record in order to secure any right, privilege, or benefit, including employment, credit or insurance.

A Parent-Student Handbook will be issued every year to notify the parents of their rights under the law, as well as applicable district policies and procedures.

Dances following home athletic events will end at 11:00 p.m. If there is unruly conduct, the students will be required to leave the dance and they will be placed on probation for the remainder of the year. Any person who leaves the dance may not return. Extra Curricular activities such as dances are a privilege. Students who are on probation will not be allowed to attend dances.

LOST OR STOLEN PROPERTY

Students should report any theft to the teacher in charge of the classroom or area of instruction. The students should complete a written theft form and return it to Room 201. **OTHS is not responsible for lost or stolen property.** Students who have found articles or wishing to claim a lost article should inquire at the Custodian Office, Room M002. Students who have lost articles in the P.E. area should first check with their instructors. All items from the year will be disposed of in June.

STUDENT VISITOR PASS

In most cases, visitor passes will not be approved unless educational value can be established. Once established, students wishing to bring a visitor must have a completed visitor permission form signed by their teachers on file in Rm. 201, twenty-four hours in advance of the visitation day. All visitors must check in Rm. 201 to secure a visitor pass. Visitors must have an identification card.

HOMESCHOOLING

Facilities

HEALTH AND LIFE SAFETY

The Board of Education maintains and operates all facilities housing students under its jurisdiction in full and continual compliance with life safety standards. This an ongoing process and probably never ending.

PARKING LOT

Students may park their vehicles in the lot designated Student Parking Lot and located south and east of the school, adjacent to the football field, between the hours of 6:00 a.m. and 11:00 p.m. (unless present at a school event or traveling to or from an event with a school-sponsored team or organization).

Vehicles must be parked between the painted lines, and must be driven under the speed limit of 10 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Vehicles parked outside painted lines or designated parking spots may be ticketed or towed at the discretion of the school, at the vehicle owner's expense.

Students caught driving recklessly in the parking lot may be subject to loss of parking privileges and disciplinary action.

The parking lots north and west of the Main Building are designated as staff and visitor parking. Student vehicles parked in these lots may be ticketed or towed at the discretion of administration. Students parking in these lots are subject to loss of parking privileges and disciplinary action.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK. Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by school safety dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

Students who wish to park in the Student Parking Lot must obtain a permit from the school. The permit must be displayed in the lower right corner of the windshield or rear window. Permits are available, at a cost of \$40.00, during registration or in room 203. Replacement cost is \$3.00. The permit does not guarantee that a parking spot will be available when the student arrives. Vehicles must be parked only in the lined, legal parking spaces. Students must not park in fire lanes, handicapped spaces (unless appropriate), or in unmarked locations. Students are not to park in the North or West teacher parking lots. Students who park illegally will be subject to disciplinary action. Illegally parked vehicles will be towed at the student's expense. The west driveway to the student parking lot will be closed from 8:00 a.m. until five minutes before the end of the school day.

Speeding, reckless driving, or not following the guidelines of this policy may result in the loss of the parking permit for the remainder of the school year. Students will be issued only one permit per year. If the student changes vehicles, the permit must be removed and returned to Student Services before a new permit will be issued. Any vehicle parked in an Ottawa Township High School lot is subject to search by school authorities and law enforcement personnel working with them. Such search may be conducted without warrant for any reasonable purpose. Search of vehicle includes all compartments and components thereof. Once the search begins, the person in control of the vehicle will not be permitted to remove it from the premises during the reasonable duration of the search. Students are not to loiter in the designated student parking areas.

SCHOOL PROPERTY

School property, i.e., OTHS buildings, athletic fields, parking lots, levee, and adjacent properties shall be utilized only through pre-approval by an authorized OTHS district representative. All other activity shall be considered trespassing.

length of time the pass will be required. Passes will be issued by an Assistant Principal in room 201. Students who damage building elevators will be held responsible for the full cost of repair.

STAGE

The stage and back stage areas are off limits except to authorized students.
